

First mail

Respected Sir/Mam,

I hope you are doing well. My name is Amrith, and I recently graduated from **IIT Madras** with a strong foundation in full-stack development (**MERN stack**). I have built projects such as a **Twitter Clone**, **E-commerce app with payment gateway**, and **Gmail Clone**, and I'm eager to apply my skills in a real-world setting.

I am actively looking for opportunities as a Backend Developer Intern / Frontend Developer Intern / Entry-Level Developer, and I would be glad to know if there are any current or upcoming openings at [Company Name].

I have attached my resume and GitHub portfolio for your reference. I would really appreciate any guidance or opportunity you could provide.

Thank you for your time and consideration.

Best regards,

Amrith Kumaresan
